Many documents will be acceptable to prove U.S. citizenship and/or identity. If you are enrolled in Medicare or receive Supplemental Security Income (SSI), or are a "Qualified Alien," you will not be affected by this new law. **The Department can only accept original or certified documents.** Your worker will request this proof in a later notice. If you need help in getting these documents, need more time, or have questions about which documents we can accept, please contact your local office as soon as possible.

HEALTHY CONNECTIONS is a mandatory Primary Care Case Management program for Idaho Medicaid. Most people participating in either Medicaid benefits plan (Basic or Enhanced) must enroll in Healthy Connections, unless they qualify for an exemption, such as having a current relationship with a doctor that is not participating in Healthy Connections. Enrollment means you choose one doctor or clinic who will guide your healthcare. Make sure you list the doctor or clinic of your choice on page 2 in the CLINIC/DOCTOR box. You can also let Healthy Connections choose a doctor for you. Details about Medicaid benefits and Healthy Connections are available at www.healthandwelfare.idaho.gov.

In order for Medicaid to determine which plan is better for you, everyone listed on the application who is age 5 or older should complete a **Health Questionnaire** and submit it with the application. This questionnaire is part of a health risk assessment that helps Medicaid understand your health needs. This information will not be used to determine your Medicaid eligibility and will be kept confidential.

If you receive Health Coverage or Cash Assistance, you must report the following changes:

- Change of address or phone number.
- Change in income or resources.

Child Support Cooperation: If you are receiving any benefits for yourself as an adult, and you are caring for a minor child with one or more parents are not in the home, a child support case will be opened. You must cooperate with Child Support Services to avoid a loss or decrease of your benefits, unless you fear harm to yourself or your children.

DO I HAVE TO BE A CITIZEN?

According to the U.S. Citizenship and Immigration Services, if you do NOT have a green card, members of your family who are eligible can use non-cash benefits, including Medicaid, Food Stamps, WIC, housing assistance, energy benefits, job training, child care, disaster relief, public health assistance, etc., without hurting your chances of getting a green card, becoming a U.S. citizen, or sponsoring relatives in the future.

DO I HAVE TO RELEASE MY SOCIAL SECURITY NUMBER (SSN) AND CITIZENSHIP STATUS?

Some family members of applicants may choose not to apply for Health and Welfare services. In that case, they do not have to provide a SSN or citizenship or immigration status. Benefits to applicants will not be delayed or denied because some family members do not apply.

Anyone who applies for services, except child care, must have a SSN or apply for one. If you want Emergency Medicaid only or you are a victim of domestic violence, you may not have to give a SSN or immigration status. You only have to give us citizenship or immigration status information for persons who want help, except when applying for child care.

We can help you apply for a SSN, and benefits will not be denied or delayed while the application is being processed. We need the SSN to help you establish paternity, get Child Support, and change or enforce Child Support orders, including medical insurance coverage for a child. SSN's will not be given to the U.S. Citizen and Immigration Services.

IDAHO MEDICAID PLAN CHOICE

If you are eligible for Medicaid, you have the right to choose the plan that is based on your health needs. Idaho Medicaid offers the Medicaid Basic Plan and the Medicaid Enhanced Plan to meet different health needs.

- **The Medicaid Basic Plan** is for low-income children and working-age adults with average health needs. This plan provides complete health, prevention, and wellness benefits for children and adults who don't have special health needs.
- **The Medicaid Enhanced Plan** is for individuals with disabilities or special health needs. This plan includes all benefits in the Basic Plan, plus additional benefits.

You may choose NOT to enroll in the plan that meets your health needs. You may choose to enroll in Standard Medicaid instead. Standard Medicaid does not include prescription drugs, certain prevention and wellness benefits, therapies, dental services, vision services, and other services. If you do not want to enroll in the benefit plan that meets your health needs, you must inform your Self-Reliance worker.
